

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL FACTOR	<b>ApprvdDt</b>  Field is used for DRDA's internal purposes only; should not be used in queries by users outside of DRDA	Date of Approval	<u>Date</u>	
PROPOSAL FACTOR	<b>Apprvnum</b>  Field was added to PRISM in mid-Jan. '02. Only proposals added to PRISM from that time forward, will have this field populated. Field only applies to the factors called Human Subjects and Vertebrate Animals.	Approval Number	<u>Char</u>	the approval number for the approval assoc with a particular factor (see definition of field FactorCd in this table to see what a factor is). Field only applies to the factors called Human Subjects and Vertebrate Animals.
APPOINTMENT	<b>Appt_DeptID</b>  Most values are 6-digit. A small number are 4-digit, usually because they are old and there are no 6-digit counterparts.	Appointment DeptID	<u>Char</u>	The department which is granting an appointment and is responsible for commitment of title. It may or may not be the department responsible for funding the appointment.
PROPOSAL	<b>AwdRcvDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	Award Received Date	<u>date</u>	the date the sponsor award document was received at DRDA

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
PERSON	Birthdate	Birth date	<u>Date</u>	Birth date
CAMPUS ZIP	BuildingTxt	Campus Building Name	<u>Char</u>	The name of a campus building
PROPOSAL	CIApproval	Central Inputting Approval	<u>Char</u>	A "yes" or "no" value indicating whether the Central Inputter approved the proposal in PI thus allowing it to be loaded into the Data S that night. Records in any tables that do not "yes" in this field in Proposal table will not b into Data Store. "No" is default value.
PROPOSAL	CIApprovDt  Field was added 2/27/2002. Rows in this table that were entered field was added, do not have values in this field.	Central Inputting Approval Date	<u>Date</u>	Date on which the Central Inputter approve proposal in PRISM. See definition of "Central Inputting Approval".

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
PROPOSAL	<b>Class</b>	Proposal Class	<u>Char</u>	A code indicating the type of proposal.
FINANCIAL CHARACTERISTICS	<b>ComBdgtIDCRt</b>	Committed Budget IDC Rate	<u>Number</u>	The primary indirect cost rate for a particular committed budget. This relates to sponsored indirect cost. Each committed budget has its own individual primary indirect cost rate.
PERSON	<b>Death_Status</b>	Death Status	<u>Char</u>	A code derived from the field 'Date of Death' indicating whether the person is deceased.
ORGANIZATION APPOINTMENT ORGANIZATION PROPOSAL	<b>Dept_Descr</b>	Department Name	<u>Char</u>	The full name of the department

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
ORGANIZATION APPOINTMENT  ORGANIZATION PROPOSAL	<b>DeptDRDARowName</b>	Department DRDA Row Name	<u>Char</u>	The name associated with the value in DeptDRDARowNum
ORGANIZATION APPOINTMENT  ORGANIZATION PROPOSAL	<b>DeptDRDARowNum</b>	Department's DRDA Row Number	<u>Char</u>	A number assigned by DRDA to departments for the purpose of searching for departments with certain School/College or with a common relationship. One or more of these numbers change over time. For instance, if a new number is added, other numbers may have to be reassigned to accommodate the new one.
ORGANIZATION APPOINTMENT  ORGANIZATION PROPOSAL	<b>DeptID</b>  Please note: Most values are 6-digit. A small number are 4-digit (usually because they are old and there is no 6-digit counterpart).	Dept ID	<u>Char</u>	A code used to identify a University-designated budgetary unit, which may be academic or administrative.
ORGANIZATION APPOINTMENT  ORGANIZATION PROPOSAL	<b>DeptSubUnitNum</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	Department's Subunit Number	<u>Char</u>	The number of the mid-level department (e.g., department) to which a bottom-level department reports; the mid-level department reports to top-level department

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
ORGANIZATION APPOINTMENT ORGANIZATION PROPOSAL	<b>DeptUnitNum</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	Department's Unit Number	<u>Char</u>	The number of the top-level department (e.g. college or department) to which a certain department reports, either directly or through mid-level department

PROPOSAL	<b>Direct_Sponsor</b>	Direct Sponsor Code	<u>Char</u>	A code identifying the direct sponsor or donor funds of the account. A direct sponsor is the sponsor from whom the project will receive directly (A prime sponsor is one from whom project receives money indirectly, through the sponsor).
----------	-----------------------	---------------------	-------------	---

PERSON	<b>Dt_Of_Death</b>	Date of death	<u>Date</u>	Date of death
--------	--------------------	---------------	-------------	---------------

PERSON	<b>EmplID</b>	Employee Identification Code	<u>Char</u>	The identification number assigned to uniquely identify a person in UM Human Resources records
--------	---------------	------------------------------	-------------	--

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL TO PERSON	<b>EmplID</b>	Employee Identification Code	<u>Char</u>	The identification number assigned to uniquely identify a person in UM Human Resources records
APPOINTMENT	<b>EmplID</b>	Employee Identification Code	<u>Char</u>	The identification number assigned to uniquely identify a person in UM Human Resources records
PERSON	<b>Ethnic_Group</b>	Ethnic Group Code	<u>Char</u>	A code representing a person's ethnic origin as defined by the federal Equal Employment Opportunity Commission (EEOC). Data for element should never be released in a name fashion.
PROPOSAL FACTOR	<b>Factor_Status</b>  Field was added to PRISM in mid-Jan. '02. Only proposals added to PRISM from that added to PRISM from that time forward, will have this field populated. Field only applies to the factors called Human Subjects, Vertebrate Animals, and Recombinant DNA. All other factors should have NA in this field.	Factor Status	<u>Char</u>	the approval status of the factor (see definition of field FactorCd in this table to see what it is). Field only applies to the factors called Human Subjects, Vertebrate Animals, and Recombinant DNA. All other factors should have NA in this field.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL FACTOR	<b>FactorCd</b>	Factor Code	<u>Char</u>	A code representing any of the following as the proposal: A. Human Subjects; B. Vertebrates; C. Recombinant DNA; D. Classified; G. Proprietary; H. Radioactive; I. Other Restriction; J. Subcontract; K. Conflict of Interest; L. Work Off U Prc M. Study of Another Country; N. Radiol O. Human Substances; P. Etiologic Age R. Signature Present

PROPOSAL FACTOR	<b>FactorCmt</b>	Factor Comment	<u>Char</u>	Notes about a particular factor (see FactorC above)
-----------------	------------------	----------------	-------------	---

SPONSOR FINANCIAL DETAIL	<b>FinRecID</b>	FinRecID	<u>Char</u>	a control number, for internal DRDA purpos  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA
-----------------------------	-----------------	----------	-------------	---

UM FINANCIAL DETAIL	<b>FinRecID</b>	FinRecID	<u>Char</u>	a control number, for internal DRDA purpos  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA
------------------------	-----------------	----------	-------------	---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
FINANCIAL CHARACTERISTICS	<b>FinRecID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	FinRecID	<u>Char</u>	a control number, for internal DRDA purposes

---

PERSON	<b>First_Name</b>	First Name	<u>Char</u>	The first name of a person.
--------	-------------------	------------	-------------	-----------------------------

---

PERSON	<b>First_Name_Srch</b>  The first name of a person. This field allows easier text-searching than the First_Name field. Oracle is case-sensitive.	First Name (for Searching)	<u>Char</u>	First Name (special field that allows easier searching than the First_Name field does).
--------	--	----------------------------	-------------	---

---

APPOINTMENT	<b>Jobcode</b>	Job Class Code	<u>Char</u>	A code identifying a job classification title established by the Personnel Office.
-------------	----------------	----------------	-------------	--

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
APPOINTMENT	<b>Jobcode_Descr</b>	Job Class	<u>Char</u>	The description of a job classification as established by the Personnel Office.
PROPOSAL KEYTERM	<b>KeytermTxt</b>  Use "Upkeytermtxt" instead of this field, for effective text searching.	Keyterm	<u>Char</u>	A textual description of a keyterm which can be used to search for specific research topics. There can be up to three "keyterms" on a proposal.
PROPOSAL KEYTERM	<b>KeytermTxt_Srch</b>  This field allows easier text-searching than the Keytermtxt. Oracle	Keyterm (for Searching)	<u>Char</u>	A textual description of a keyterm which can be used to search for specific research topics. There can be up to three "keyterm"s on a proposal. KeytermTxt_Srch allows easier searching than the field Keytermtxt does, because Oracle is case-sensitive.
PERSON	<b>Last_Name</b>	Last Name	<u>Char</u>	The last name of a person.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PERSON	<b>Last_Name_Srch</b>  The last name of a person. This field allows easier text-searching than the Last_Name field. Oracle is case-sensitive.	Last Name (for Searching)	<u>Char</u>	Last Name (special field that allows easier searching than the Last_Name field does).
PERSON	<b>Middle_Name</b>	Middle Initial	<u>Char</u>	The middle initial of a person
PROPOSAL	<b>MstrPrpslNum</b>	Master Proposal Number associated with the given	<u>Char</u>	The proposal number of a proposal which is "master proposal" in relation to the proposal in question, if the proposal in question is a Ta Order proposal. IMPORTANT: "Master" and "Order" have special meanings in PRISM. These terms are used in a different way in PRISM other contexts (e.g. by Federal agencies). Please see the PRISM definitions of these terms before doing any PRISM searches or reports.
APPOINTMENT	<b>National_ID</b>	National ID	<u>Char</u>	A person's Social Security number.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL TO PERSON	<b>NationalID</b>	National ID	<u>Char</u>	A person's Social Security number.
PERSON	<b>NationalID</b>	NationalID	<u>Char</u>	A person's Social Security number.
SPONSOR FINANCIAL DETAIL	<b>PACApproval</b>  Records with SponStatusCd 0 will never have values in this field.	Project Award Change Approval	<u>Char</u>	A "yes" or "no" value, indicating whether the Project Rep has approved the Project Award Change for the award or Con Budget in question
SPONSOR FINANCIAL DETAIL	<b>PACApprovDt</b>  Field was added 3/5/2002. Rows in this table that were entered before this date do not have values in this field. Records with SponStatusCd 0 will never have values in this field.	Project Award Change Approval Date	<u>Date</u>	The date on which DRDA Project Rep staff that the DRDA Project Rep has approved the Project Award Change for the award or Con Budget in question. Records with SponStat or 2 in this table, that have a "No" in both tr and PANApprovDt, will not be loaded from t Filemaker transactional database into the O Data Store during the nightly load. "No" is d value.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
SPONSOR FINANCIAL DETAIL	<b>PANApproval</b>  Records with SponStatusCd 0 will never have values in this field.	Project Award Notice Approval	<u>Char</u>	A "yes" or "no" value, indicating whether the Project Rep has approved the Project Award for the award or Committed Budget in quest

SPONSOR FINANCIAL DETAIL	<b>PANApprovDt</b>  Field was added 3/5/2002. Rows in this table that were entered before this date do not have values in this field. Records with SponStatusCd 0 will never have values in this field.	Project Award Notice Approval Date	<u>Date</u>	The date on which DRDA Project Rep staff that the DRDA Project Rep has approved the Project Award Notice for the award or Committed Budget in question. Records with SponStatusCd 0 or 2 in this table, that have a "No" in both PANApproval and PACApprovDt, will not be loaded from the Filemaker transactional database into the O Data Store during the nightly load. "No" is a value.
-----------------------------	---	---------------------------------------	-------------	--

PROPOSAL TO PERSON	<b>PerRoleTypCd</b>	Person Role Type Code	<u>Char</u>	A code representing the role a person has in relation to a proposal.
-----------------------	---------------------	-----------------------	-------------	--

PROPOSAL	<b>Prime_Sponsor</b>	Prime Sponsor Code	<u>Char</u>	A code identifying the prime sponsor or donor funds of the account. A prime sponsor occurs when money is funnelled to the University through a sponsor (which is the prime sponsor) through another sponsor (the direct sponsor).
----------	----------------------	--------------------	-------------	---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL TO PERSON	<b>Proc_DeptID</b>  Please note: Most values are 6-digit. A small number are 4-digit, because they are old and have no 6-digit counterpart.	Processing DeptID	<u>Char</u>	The DeptID for the department or unit that is financially responsible for a particular person's participation on the proposal. The ProcDeptID can refer to Director's participation or a Co-Investigator's participation depending on the value for the PerRoleTyp (see PerRoleTypCd in this table, which will have a PD value for Director or a CO value Co-Investigator)
FINANCIAL CHARACTERISTICS	<b>Project_Grant</b>	Project Grant Number	<u>Char</u>	The number assigned to accumulate financial activity for a particular purpose.
PROPOSAL	<b>ProjRepCd</b>	Project Representative Code	<u>Char</u>	A code representing the DRDA project representative for a proposal.
PROJECT REP	<b>ProjRepCd</b>	Project Representative Code	<u>Char</u>	A code representing the DRDA project representative for a proposal.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROJECT REP	<b>ProjRepName</b>	Project Representative Name	<u>Char</u>	The name of the DRDA project representati proposal.

---

PROJECT REP	<b>ProjRepTitle</b>	Project Representative Title	<u>Char</u>	The title of the DRDA project representative proposal.
-------------	---------------------	------------------------------	-------------	--

---

PROPOSAL	<b>PrpslActualHrdshpAmt</b>	Actual Hardship Amount	<u>Number</u>	The amount of hardship money approved for proposal.
	Field is NULL; acting as placeholder for possible future data collection			

---

PROPOSAL	<b>PrpslAwdDt</b>	Award Date	<u>Date</u>	The date on which a proposal was awarded indicated on the award document from the s
----------	-------------------	------------	-------------	---

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL	PrpsIAwdRestriction	Restriction Code	<u>Char</u>	A code representing a restriction placed on publication. The restriction was placed on t proposal at the Awarded or Turned Down st

---

PROPOSAL	PrpsICurStatCd	Current Status Code	<u>Char</u>	A code representing the current status of a proposal.
----------	----------------	---------------------	-------------	---

---

PROPOSAL	PrpsICurStatDt	Current Status Date	<u>Date</u>	The date on which the current status for a p became active.
----------	----------------	---------------------	-------------	---

---

PROPOSAL	PrpsIHrdshpActualEnd	Hardship Actual End Date	<u>Date</u>	The end date of a hardship.
----------	----------------------	--------------------------	-------------	-----------------------------

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL	<b>PrpslHrdshpActualStart</b>	Hardship Actual Start Date	<u>Date</u>	The start date of a hardship.
PROPOSAL	<b>PrpslHrdshpDt</b>	Hardship Approval Date	<u>Date</u>	The date on which a hardship was approved proposal.
PROPOSAL	<b>PrpslHrdshpProjGrNum</b>	Hardship Project Grant Number	<u>Char</u>	Hardship Project Grant Number
	Field added in Spring 2002. Not populated in records entered before field was added.			
PROPOSAL	<b>PrpslIDCBaseAmt</b>	Proposal IDC Base Amount	<u>Number</u>	*DATA NOT PRESENTLY BEING COLLECTED
	Field is NULL; acting as placeholder for possible future data collection			

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
PROPOSAL	PrpsIDCRt	Proposal IDC Rate	<u>Char</u>	The primary indirect cost rate for a proposal "Pending" stage. This relates to sponsored cost.

PROPOSAL	PrpsLvlCd	Proposal Level Code	<u>Char</u>	Proposal level code. IMPORTANT: "Master Task Order" have special meanings in PRISM. These terms are used in a different way in PRISM than in other contexts (e.g. by Federal agencies). Please see the PRISM definitions of these terms before doing any PRISM searches or reports.
----------	-----------	---------------------	-------------	---

PROPOSAL	PrpsNum	Proposal Number	<u>Char</u>	A number used to uniquely identify a proposal.
----------	---------	-----------------	-------------	--

SPONSOR FINANCIAL DETAIL	PrpsNum	Proposal Number	<u>Char</u>	A number used to uniquely identify a proposal.
-----------------------------	---------	-----------------	-------------	--

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL	<b>PrpsITitle_Srch</b>  This field allows easier text-searching than the PrpsITitle field. Oracle is case-sensitive.	Proposal Title (for Searches)	<u>Char</u>	Proposal title (in special form that allows easier searching than the PrpsITitle field does, because Oracle is case-sensitive).
PROPOSAL FACILITIES	<b>RoomTxt</b>	Room Number	<u>Char</u>	A description of the room(s) where the research is being done.
PERSON	<b>Sex</b>	Sex	<u>Char</u>	A code indicating a person's gender
SPONSOR DIRECT AND SPONSOR PRIME	<b>SponAddress1Txt</b>  Field is NULL; acting as placeholder for possible future data collection	Sponsor Address Line 1	<u>Char</u>	Line 1 of Sponsor Address

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
SPONSOR DIRECT AND SPONSOR PRIME	<b>SponAddress1Txt</b>  Field is NULL; acting as placeholder for possible future data collection	Sponsor Address Line 1	<u>Char</u>	Line 1 of Sponsor Address

--	--	------------------------	-------------	---------------------------

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
SPONSOR FINANCIAL DETAIL	<b>SponBegDt</b>	Sponsor Begin Date	<u>Date</u>	The start date of the funding period, at a pa stage of the proposal process: Proposed, Awarded, or Committed.

---

SPONSOR DIRECT  AND SPONSOR PRIME	<b>SponCity</b>  Field is NULL; acting as placeholder for possible future data collection	Sponsor City	<u>Char</u>	Sponsor Mailing City Name
--	---	--------------	-------------	---------------------------

---

FINANCIAL CHARACTERISTICS	<b>SponCntctTxt</b>	Contract/Grant Number	<u>Char</u>	The number (which can be a combination o numbers and text) that is associated with a or grant from a sponsor.
------------------------------	---------------------	-----------------------	-------------	---

---

SPONSOR DIRECT  AND SPONSOR PRIME	<b>SponCountry</b>  This field has country names for foreign sponsors only, not Sponsors in the United States	Sponsor Country	<u>Char</u>	Sponsor Mailing Country Name
--	---	-----------------	-------------	------------------------------

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
SPONSOR FINANCIAL DETAIL	<b>SponDirCostAmt</b>	Sponsored Direct Cost Amount	<u>Number</u>	The sponsored Direct Cost amount associated with a proposal in a particular stage: Proposed, Awarded, or Committed.
SPONSOR FINANCIAL DETAIL	<b>SponEndDt</b>	Sponsor End Date	<u>Date</u>	The end date of the funding period, at a particular stage of the proposal process: Proposed, Awarded, or Committed. NOTE: See definition of SponNCTX for important info on time-extension awards/Committed Budgets.
SPONSOR FINANCIAL DETAIL	<b>SponIDCAmt</b>	Sponsored Indirect Cost Amount	<u>Number</u>	The sponsored Indirect Cost amount associated with a proposal in a particular stage: Proposed, Awarded, or Committed.  Sponsored Indirect Costs are the amount of overhead (e.g., Utilities, libraries, etc.) calculated as a percentage of Modified Direct Costs.
SPONSOR FINANCIAL DETAIL	<b>SponNCTX</b>  This field is populated only in records entered Feb. 4, 2002 or later. See "Element Definition" to the right here.	SponNCTX	<u>Date</u>	The field contains the new end-date of an Awarded or Committed Budget after a No-Cost Time-Extension from the sponsor has been entered into PRISM. This field will be populated only for time-extensions entered into PRISM Feb. 4, 2002 or later. Time-extensions entered before that will have been recorded in the old way: the Award End-date of the Committed Budget. End-date would have been changed (see Definition of field SponEndDt in the Sponsor Financial Detail table).

--	--	----------------------------	-------------	--

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
SPONSOR FINANCIAL DETAIL	<b>SponStatusCd</b>	Sponsor Status Code	<u>Char</u>	This is actually not a status code but a record code indicating whether the financial detail for a certain proposal represents the Pending, Awarded, or Committed stage. The values 0, 1, and 2. 0 indicates the row of ORACLE data for the pending stage; 1 indicates the row of ORACLE data for the Award stage; 2 indicates the row of data for the Committed budget stage (since there can be more than one committed budget, there can be more than one "2" row).
SPONSOR FINANCIAL DETAIL	<b>SponTotCostAmt</b>	Sponsored Total Cost Amount	<u>Number</u>	A derived amount which is the summation of Sponsored Direct Cost Amount and the Sponsored Indirect Cost Amount.
SPONSOR DIRECT  AND  SPONSOR PRIME	<b>SponZip</b>  Field is NULL; acting as placeholder for possible future data collection	Sponsor Mailing Zip Code	<u>Char</u>	The zip code of the sponsor.
PROPOSAL	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a record is created in this table.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
SPONSOR FINANCIAL DETAIL	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a row of data (either Pending, Awarded or Committed) for a given Proposal is entered into the SPC FINANCIAL table. Each proposal will have SysCreateDt for the Pending row, one for the Awarded, and one for each Committed Bud
UM FINANCIAL DETAIL	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a row of data for a given UM org code, at a given stage (Pending, Awarded, or for a given Committed budget), is entered into the UM FINANCIAL table. Each proposal will have a distinct SysCreateDt associated with each UM organization's contribution at each stage (Pending, Awarded, and for each Committed budget).
FINANCIAL CHARACTERISTICS	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs whenever budget data for a new committed budget is entered.
SPONSOR DIRECT AND SPONSOR PRIME	<b>SysCreateDt</b>	System Create Date	<u>Date</u>	An auto-generated date that occurs whenever a new sponsor is created in the SPONSOR table

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
ORGANIZATION APPOINTMENT  ORGANIZATION PROPOSAL	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a department record is created.
PROJECT REP	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a record is created in this table.
PROPOSAL FACILITIES	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a record is created in this table.
PROPOSAL FACTOR	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a record is created in this table.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
PROPOSAL TO PERSON	<b>SysCreateDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Create Date	<u>Date</u>	An auto-generated date that occurs when a record is created in this table.
PROPOSAL	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that indicates the last date that a given record was changed in this
SPONSOR FINANCIAL DETAIL	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that occurs when a row of data (either Pending, Awarded or Committed) for a given Proposal in the SPONSOR FINANCIAL table is changed. Each proposal will have a distinct SysLastModDt for the Pending row, one for Awarded, and one for each Committed Budget.
UM FINANCIAL DETAIL	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that occurs when a row of data for a given UM org code, at a given stage (Pending, Awarded, or Committed budget), is changed in the UM FINANCIAL table. Each proposal will have a distinct SysLastModDt associated with each UM organization's contribution at each stage (Pending, Awarded, and for each Committed budget).

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
FINANCIAL CHARACTERISTICS	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that indicates the last time that any data in a given row in the FINANCIAL CHARACTERISTICS table was changed.
SPONSOR DIRECT  AND  SPONSOR PRIME	<b>SysLastModDt</b>	System Last Modification Date	<u>Date</u>	An auto-generated date that indicates the last time that any of the fields associated with a Sponsor code were changed, in the SPONSOR table
PERSON	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date: The date that data in the PERSON table was last updated by data imported from the University of Michigan Human Resources tables
ORGANIZATION APPOINTMENT  ORGANIZATION PROPOSAL	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that indicates the last time that a given record was changed in the ORGANIZATION table.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROJECT REP	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that indicates the last date that a given record was changed in this

---

PROPOSAL FACILITIES	<b>SysLastModDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification Date	<u>Date</u>	An auto-generated date that indicates the last date that a given record was changed in this

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest change to any data in a given row in this table.
SPONSOR FINANCIAL DETAIL	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	An auto-generated ID code that occurs when a given row of data (either Pending, Awarded, or Committed) for a given Proposal in the SPC FINANCIAL table is changed. Each proposal has one SysLastModID for the Pending row, one for the Awarded, and one for each Committed Budget row.
UM FINANCIAL DETAIL	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	An auto-generated ID that occurs when a given row of data for a given UM org code, at a given stage (Pending, Awarded, or Committed budget), is changed in the UM FINANCIAL table. Each proposal will have a distinct SysLastModID associated with each UM organization's contribution at each stage (Pending, Awarded, and for each Committed budget).
FINANCIAL CHARACTERISTICS	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest update to any data in a given row in the FINANCIAL CHARACTERISTICS table.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format</u> <u>Type</u>	<u>Element Definition</u>
SPONSOR DIRECT AND SPONSOR PRIME	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who last entered or changed any of the fields associated with a given sponsor code in the SPONSOR table.

---

ORGANIZATION APPOINTMENT ORGANIZATION PROPOSAL	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest change to a given record in the ORGANIZATION table.
---	--	-----------------------------	-------------	--

---

PROJECT REP	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest change to a given record in this table.
-------------	--	-----------------------------	-------------	--

---

PROPOSAL FACILITIES	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest change to a given record in this table.
---------------------	--	-----------------------------	-------------	--

---

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
PROPOSAL FACTOR	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest cl a given record in this table.
PROPOSAL TO PERSON	<b>SysLastModID</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	System Last Modification ID	<u>Char</u>	The ID of the person who made the latest cl a given record in this table.
UM FINANCIAL DETAIL	<b>UM_CS_DeptID</b>  Most values are 6-digit. A small number are 4-digit, usually because they are old and there were no 6-digit counterparts.	UM Cost-sharing DeptID	<u>Char</u>	A DeptID representing an internal (UM) sou money contributed as cost-sharing to a prop a particular stage (Proposed, Awarded, or Committed).
UM FINANCIAL DETAIL	<b>UMBegDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	UM Begin Date	<u>Date</u>	The start date of the period for which UM cost-sharing data (called "UM Financial is given at either Pending, Awarded or Com stage; each stage will have its own set of start/end dates (NOTE: at the Committed s each Committed budget wil have its own se start/end dates for the UM Financial Detail.

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
UM FINANCIAL DETAIL	<b>UMDirCostAmt</b>	UM Direct Cost Amount	<u>Number</u>	The internal (UM) Direct Cost amount assoc with a proposal in a particular stage (Propos Awarded, or Committed),and which comes from one particular UM source (the source is represented by a UM Org Code)

UM FINANCIAL DETAIL	<b>UMEndDt</b>  Field is used for DRDA's internal control purposes only; should not be used in queries by users outside of DRDA	UM End Date	<u>Date</u>	The end date of the period for which UM cost-sharing data (called "UM Financial Detail") is given at either the Pending, Awarded or Committed stage; each stage will have its own set of start/end dates (NOTE: at the Committed stage each Committed budget will have its own set of start/end dates for the UM Financial Detail.
------------------------	---	-------------	-------------	--

UM FINANCIAL DETAIL	<b>UMImputedIDCAmt</b>	UM Imputed Indirect Cost Amount	<u>Number</u>	The internal (UM) imputed indirect cost amount associated with a proposal in a particular stage (Proposed, Awarded, or Committed). Imputed Indirect Costs are the amount of overhead (utilities, libraries, etc.) calculated by a percentage of Modified Direct Costs but not charged. As of about 7-1-98, all UM imputed indirect cost is allocated to org code 000101 in PRISM, rather than being broken down according to the internal department or unit org codes as it was in the past.
------------------------	------------------------	---------------------------------	---------------	---

UM FINANCIAL DETAIL	<b>UMnctx</b>  This field will be populated only in records entered Feb. 4, 2002 or later. See "Element Definition" to the right here.	UMnctx	<u>Date</u>	See "SponNCTX". UMnctx will simply mirror the date in that field. Where the Element Definition of SponNCTX mentions "SponEndDt", substitute "UMEndDt" in order to understand how the field UMnctx works. UMnctx is in the Um Financial Detail table.
------------------------	--	--------	-------------	--

<u>Table</u>	<u>Technical Element Name</u> (with <u>Notes</u> below)	<u>Common Element Name</u>	<u>Format Type</u>	<u>Element Definition</u>
UM FINANCIAL DETAIL	<b>UMRealIDCAmt</b>	UM Real Indirect Cost Amount	<u>Number</u>	The internal (UM) real indirect cost amount associated with a proposal in a particular stage (Proposed, Awarded, or Committed), and it comes from one particular UM source (the source is represented by a UM Org Code). Real Indirect Costs are the amount of overhead (e.g., utilities, libraries, etc.) calculated by a percentage of Modified Direct Costs and CHARGED.
UM FINANCIAL DETAIL	<b>UMStatusCd</b>	UM Status Code	<u>Char</u>	This is actually not a status code but a record indicator that indicates whether the UM financial detail for a certain proposal represents the Pending, Awarded, or Committed stage. The values are 0, 1, and 2. 0 indicates the row of ORACLE data for the pending stage; 1 indicates the row of ORACLE data for the Award stage; 2 indicates the row of data for the Committed budget stage (since there can be more than one committed budget stage, there can be more than one "2" row).
UM FINANCIAL DETAIL	<b>UMTotCostAmt</b>	UM Total Cost Amount	<u>Number</u>	A derived amount which is the summation of UM Direct Cost Amount, UM Real Indirect Cost Amount and UM Imputed Indirect Cost Amount for a given UM organization code.
PERSON	<b>Uniqname</b>	Uniqname	<u>Char</u>	The person's unique name.  Values exist in this field only where unique names were supplied.
